### About People and Things

By C. B. McDowell

#### Frank Young Moved To Veterans Hospital

Frank Young, son of Mr. and Mrs. Wayland Young, who was seriously injured in a motorcycle wreck two weeks ago while enroute to Elba from the University, has been moved from a Lumberton hospital to the Veterans Hospital in Montgomery. He was unconscious for several days, but it is reported that he has regained consciousness and except for an attack of pleurisy, seems to be on the road of recovery. He received several broken ribs, a severe blow on the head and severe bruises and lacerations. Frank's mother has been at his bedside most of the time since he has been in the hospital and many other relatives and friends have called to inquire about his condition.

#### 5 Babies In Family

Joe King, Elba Rt. 5, makes the startling statement that there are five babies in his family. He explains it this way: Mr. and Mrs. King are the babies of their respective families; their eldest son's wife is the baby of her family; they have a baby, and their second son, Thomas L. King and his wife have a baby making five babies in the King family.

#### Hog Prices Up

Hog prices at the Elba Livestock market sale were up a little Monday, showing an increase to \$18.45 from \$18.40 as was the case the preceding Monday. Ouday Packing Co. was the high bidder on No. ones. Cattle prices remained the same as the preceding week.

#### House Moves

Hershel Taylor has cleaned off the lot he purchased from Mrs. Hollan Harrison near Smith Brothers Store on an old moving a government house onto it from the Taylor Mill community. He is following the example of Wallace Taylor, who moved a house from that community about a year ago. This house is now his home about a mile northwest of Elba. If the Hershel Taylor home becomes as attractive as the Wallace Taylor domicile, it will greatly enhance the appearance of a lot that has stood vacant since the old blacksmith shop was removed therefrom several years ago.

#### Gets Late Start

Holland Harrison reports that he is fifty years old and has just had his first experience as a juror in serving on the Grand Jury Monday. Mr. Harrison has been a voter for more than 30 years but for some reason has not been called upon for jury duty at all that time.

#### Time For Ripley

Wallace Taylor, bookkeeper at Garrett Motor Company, is the youngest of 14 children of the late Mr. and Mrs. Jack Taylor. His wife, Mrs. Lillian Taylor, is the youngest of 14 children of her parents, Mr. and Mrs. G. W. Baker, of the Curtis community.

#### Deputy Tax Collector Here To Help With Tax Returns Feb. 2nd

Assistance Offered In Filing 1948 Income Tax Return

A deputy collector from the Internal Revenue Department will be at the Court House in Elba February 2, 1949 to assist taxpayers in making out their income tax returns. Taxpayers requesting assistance of a Deputy Collector in preparation of returns must be able to readily furnish the following information:

1. A record of all income received in 1948.
2. An itemized statement of all deductions they wish to claim on the return, such as taxes, interest, contributions, business expenses, cost of goods sold, etc.
3. The total amount of tax withheld by all employers during 1948, together with Form W-2 furnished by each employer.
4. The amount of tax paid on estimated income during 1948, reflected by declarations of such income filed on Form 1040-ES.
5. A copy of the 1947 return if depreciation was claimed on that return.

#### Grand Jury Returns 14 Indictments In Short Session

The Coffee County Circuit Court, Judge C. C. Brannen, presiding, convened in Elba Monday morning at 9:00 o'clock for the purpose of empanelling a grand jury and the trial of non-jury civil cases. Solicitor Briss F. Paul, Court Stenographer Jeremiah and Circuit Clerk Gladys Clark were in attendance.

The grand jury investigated 19 presentments, returning 14 indictments, consisting of 9 felonies and five misdemeanors. The civil docket was disposed of in record time. Court adjourned on Monday afternoon, being one of the shortest terms of circuit court ever held in the county.

We, the Grand Jury, empaneled by Your Honor on Monday, January 24, 1949, hereby submit this, our final report.

We have investigated nineteen presentments, and return herewith fourteen indictments, consisting of nine felonies and five misdemeanors.

We have inspected the books and records of all public officers, and found them to be in order and neatly kept; we heard no complaints from the prisoners.

On inspection of the court house at Elba we found that

#### Baptist Associational Missions Day To Be Observed Sunday

Sunday, January 30th will be observed as Associational Missions Day with services at eleven o'clock in all the Baptist churches in the Coffee County Association. Mission work in the county will be stressed by the speakers, and an offering taken for the churches not supporting the cause in their regular budgets.

#### Boll Weevils To Be Improved In ASL In 1949 Season

The continuation of the Enterprise Boll Weevils in the Alabama State League this season was assured last week. Less than 50 fans contributed more than \$6,000 and a campaign was started immediately to raise the remaining \$1,500 necessary to stay in the league.

Officers for the year are J. L. Warren, president; H. G. Ricks, vice-president; W. T. McKinney, business manager; Leo Jeter, secretary and treasurer; and Russell Taylor, manager and coach.

Business manager McKinney reports that the Weevils will have several of the boys back next year, including "Rabbit" Rider, "Don" Palarsky, and Bob Negel.

Elba fans have supported this Coffee County team in the past few years and they are cordially invited to attend all games again this year. With coach Taylor at the helm, and several of the regulars back from last season, a good showing and many good ball games are in prospect at the Peanut Stadium this year.

#### Former Citizen Killed In Florida

Travis M. Hussey, farmer of Victoria community, died Jan. 18 in Pensacola, Florida, of a gunshot wound. He was 50 years of age and a member of the Baptist church. He was born in Coffee County, son of Bob and Lula D. Hussey.

Surviving are his wife, Mrs. Mattie Hinds Hussey; a son, Robert Hussey; a daughter, Mrs. Mildred Tompkins; three brothers, Oscar, Bibb and L. J. Hussey; three sisters, Mrs. Ola Stroud, Mrs. Mila Boutwell, and Mrs. Lila Hurst.

Funeral services were held on January 19th at Victoria church conducted by the Rev. Lowery. Interment was in the Mt. Pleasant (Enterprise) cemetery with Hayes Funeral Home directing.

#### March Of Dimes Drive Nears Completion; Contributions Good

Dozier Roberts, chairman of the March of Dimes campaign, reports fine progress so far. The following schools have reported: New Brockton, \$122.60; Enterprise Elementary school \$134.20; Eanon \$11.60; New Hope \$26.40.

#### Campaign In Elba To Start Friday; Schools Report

The drive in Elba will start Friday morning with a volunteer committee soliciting funds for this important project of furnishing funds to fight the dread disease of infantile paralysis. The two local plants, Dorsey Trailers and L. A. Manufacturing Company are cooperating 100% in the campaign. Elba will be composed of: James Wise, Jake Bonneau, Flourney Whitman, Charles Lindsey and H. B. Larkin.

Chairman Roberts says that indications are that the \$500 raised last year will be more than doubled this year, but the need is twice as great, due to the epidemic of Polio in South Carolina and other parts of the country. South Carolina spent more than six million dollars for relief of the disease last year. A case of Polio reported in Dothan last week stimulated interest in this area.

Chairman Roberts urges all those who may not be solicited, because of lack of time, to please mail check to the Elba Exchange Bank or to Dozier Roberts, Elba.

#### Peanut Acreage To Be Determined By Three Year Average

Coffee County peanut growers were told this week that their individual farm peanut allotment for 1949 would be based on the harvested acreage of the three years.

C. R. Wise, chairman of the county PMA committee, said there was some misunderstanding of this year's peanut program. "Some growers thought the U. S. Department of Agriculture's statement that the national acreage allotment would be 22 per cent under last year's harvested acres meant that the allotment for each individual farm would be figured the same."

#### Officers Training School Planned For County 4-H Clubs

An officers Training School is being held this week for training the newly elected officers of the 4-H clubs in the county. Every 4-H club officer is urged to attend this school so that more effective club work can be accomplished this year.

The school is to be held at Zion Chapel January 24 for the officers of Newlin Bluff Springs and Zion Chapel clubs, Pine Level, Basin, and Curtis 4-H club officers will meet at Curtis January 26. Eanon, Victoria, and New Hope 4-H club officers training school will be held at New Hope January 27. The officers of Fairview, Damascus, Goodman and Mt. Pleasant clubs will meet at Mt. Pleasant January 28 for their officers training.

The officers expected to attend from each club are: President, Vice President, Secretary, Song Leader and Reporter. The school will also serve as Devotional leader in some of the clubs. These training schools were made possible through the cooperation of Mr. Kermit Crook, Supt. of Education and the principals and the local leader of each school where a 4-H club is organized.

#### FORMAL OPENING JANUARY 29TH

Shown here is the new home of Garrett Motor Company, which will have their formal opening on Saturday, January 29th. Plans have been made for the opening and the public is urged to attend. A detailed story about the company and their new plant will be found elsewhere in the paper.

#### Pine Seedlings

I have 60,000 pine seedlings at my house. They are available at \$2.15 per thousand to any farmer who will come and get them. Now is the time to plant these seedlings. If you are interested, come to my house before nine o'clock any morning or late any afternoon and get as many of them as you need.

Jack Conway, Forest Ranger

#### Ramie Discussion At Dothan Meet

A meeting will be held at the City Auditorium in Dothan January 31 at 1 P. M. for the purpose of discussing the growth of ramie in this section. Ramie is a fiber crop that produces three or four cash crops per year. There will be several speakers of note, including Dr. Wong of China, Mr. W. A. Anderson, a grower of ramie from Louisiana, Mr. G. Breton, inventor of the ramie combine, and others. A movie and samples of the fiber and finished products will be shown in connection with the discussion.

#### 3,000 People Attend Showing Of 1949 Chevrolet Here

The showing of the new Chevrolet, held at the Dorsey Bros. Chevrolet showroom Saturday, attracted approximately 3,000 persons during the day, according to an estimate of Sales Manager Sam Rowe. Mr. Rowe said the Chevrolet employees had a six o'clock breakfast at Cook's Grill Saturday morning and even before the meal was over a good sized crowd of people had assembled, eager to get a view of the new car.

Mr. Rowe said the Dorsey force was kept busy all day showing and demonstrating the new car, and it seemed the unanimous verdict of the vast crowd of guests who inspected it that the new Chevrolet is by far the best and most attractive car the Chevrolet company has ever made.

The first completely new car the Chevrolet company has built in more than seven years, is the most beautiful of all, and the company claims it is the most beautiful of all, from every point of view—for styling, for driving and riding ease, for performance and safety, and for sturdy endurance of quality construction throughout.

Mr. Rowe said he was highly gratified at the hearty reception given the showing of the 1949 Chevrolet car by the people of Elba and surrounding territory Saturday. Many persons expressed a desire to own one of these fine cars.

#### Second Crop Apples

Baxter Bryan brought in several second-crop apples Tuesday, taken from the John B. Johnson place between Elba and Opp. The apples were well-matured and were about the size of golf balls. Mr. Bryan said there was about a peck of apples on the tree which is in the Johnson yard.

Mr. Bryan said the pears he reported on his tree several months ago got to be pretty good size, but when the last cool spell came they fell off. Peach, pear and other fruit trees all over the country are reported to be in full bloom, which probably means that freezing weather in February and March will ruin the fruit crop.

#### Tigers Win Games From Dothan And New Brockton

Play Kinston Team At Elba Gym Friday Night  
(By Howard Stroud)

The Elba High Tigers chalked up two more victories last week in defeating New Brockton and Dothan. They edged out New Brockton in an overtime period by a 43-42 score. They also beat Dothan, the score being 52-43. The New Brockton game was the most exciting we have seen this year.

Elba took an early lead and kept it until the third period when New Brockton racked up 17 points to take the lead 30-28. After the third quarter let-up, however, the Tigers settled down and held the opposition to a 40-40 deadlock at the end of the regulation period. Tying goal was an overhead shot by Harold Farris.

Both teams made a field goal in the overtime period and Elba's center, Jacobs, sank a free throw to gain a 43-42 victory. Score by quarters was as follows: 9-6, 20-13, 28-30, 40-40.

Farris was disqualified on fouls in the last period and Miller and Wilson of New Brockton went into the overtime period via the foul route.

Billy Jacobs was top man for the Elba squad with 22 points and Johnson was runner up with 14. Polson led the losers with 24 points and Rodgers placed second with 9.

#### Steelers Put On Good Basketball Show Here Wednesday

The Elba Bees lost their first game of the year by a 20-18 margin. They led New Brockton 15 to 9 at the end of the half but were unable to keep up the pace and New Brockton came back to win in the last period.

ELBA 52 - DOTHAN 43

The Tiger squad journeyed to Dothan Tuesday night to split a doubleheader with them. The varsity took their game while the Bees dropped their second in a row.

The Tigers kept a substantial lead throughout the contest and the Dothan five failed to seriously threaten.

#### Regional Bookmobile Library Makes First Trip Into County

The Coffee-Geneva Regional Library bookmobile made its first trips out in the county last week with a warm reception at every stop. This bookmobile service is free to everyone in Coffee and Geneva counties, and everyone should take a advantage of it and enjoy this library brought to their own door. Anyone in a community not participating in the bookmobile service who desires this service should write to the Regional Librarian in Geneva.

The bookmobile has all sorts of books for varied interests. Be-

#### Harvey Stanton Dies In Troy Hospital

Harvey James Stanton, age 40, died January 20 at a Troy hospital following an illness of three months. Cancer was given as the cause of his death. He was born in Coffee County and had resided here all his life.

He was formerly employed by Dorsey Trailers and was a member of the Baptist church. He was a son of Mr. and Mrs. Bob Stanton.

Surviving are his wife: Mrs. Alice Merton Stanton; a son, Nathan Stanton, a daughter, Charlie Stanton; two brothers, Albert and Alvie Stanton; four sisters, Mrs. Aleberia Smith, Mrs. Lillian Strickland, Mrs. Sallie Spillers, and Mrs. Edna Culver.

Funeral services were held Jan. 21 at Bethel church, conducted by Rev. Ralph Helms. Interment was in Bethel cemetery with the Hayes Funeral Home directing.

Taxpayers requesting assistance of a Deputy Collector in preparation of returns may be able to readily furnish the following information:

1. A record of all income received in 1948.
2. An itemized statement of all deductions they wish to claim on the return, such as taxes, interest, contributions, business expenses, cost of goods sold, etc.
3. The total amount of tax withheld by all employers during 1948, together with Form W-2 furnished by each employer.
4. The estimated income tax for 1948 as reflected by declarations of such income filed on Form 1040-ES.
5. A copy of the 1947 return if depreciation was claimed on such return.

## Grand Jury Returns 14 Indictments In Short Session

The Coffee County Circuit Court, Judge C. C. Brannen, presiding, convened in Elba Monday morning at 9:00 o'clock for the purpose of empaneling a grand jury and the trial of non-jury civil cases. Solicitor E. F. Paul, Court Stenographer Jerri-Jen and Circuit Clerk, Gladys Clark were in attendance.

The grand jury investigated 19 presentments, returning 14 indictments, consisting of 9 felonies and five misdemeanors. The civil docket was disposed of in record time. Court adjourned on Monday afternoon, being one of the shortest terms of circuit court ever held in the county.

The grand jury submitted the following report:  
We, the Grand Jury, empaneled by Your Honor on Monday, January 24, 1949, hereby submit this, our final report.  
We have investigated nineteen presentments, and return hereon with fourteen indictments, consisting of nine felonies and five misdemeanors.  
We have inspected the books and records of all public officials and found them to be in order and neatly kept; we heard no complaints from the prisoners.

## Officers Training School Planned For County 4-H Clubs

An officers training school is being held this week for training the newly elected officers of the 4-H clubs in the county. Every 4-H club officer is urged to attend this school so that more effective club work can be accomplished this year.

The school is to be held at Zion Chapel January 24 for the officers of Newbia, Bluff Springs and Zion Chapel clubs, Pine Level, Basin, and Curtis 4-H clubs. Officers will meet at Curtis January 28. Eanon, Victoria, and New Hope 4-H club officers training school will be held at New Hope January 27. The officers of Fairview, Damascus, Goodman and Mt. Pleasant clubs will meet at Mt. Pleasant January 28 for their officers training.

The officers expected to attend from each club are: President, Vice President, Secretary, Song Leader and Reporter. The reporter will also serve as Devotional leader in some of the clubs.

These training schools were made possible through the cooperation of Mr. Kermit Crook, Supt. of Education and the principals and the local leaders of each school where a 4-H club is organized.

## Ramie Discussion At Dothan Meet

A meeting will be held at the City Auditorium in Dothan January 31 at 1 P. M. for the purpose of discussing the growth of ramie in this section. Ramie is a fiber crop that produces three or four cash crops per year. There will be several speakers on the subject, including Dr. Wong of China, Mr. W. A. Anderson, a grower of ramie from Louisiana, Mr. G. Brereton, inventor of the ramie combine, and others. A movie and samples of the fiber and finished products will be shown in connection with the discussion.

## 3,000 People Attend Showing Of 1949 Chevrolet Here

The showing of the new Chevrolet, held at the Dorsey Bros. Chevrolet showroom Saturday, attracted approximately 3,000 persons during the day, according to an estimate of Sales Manager Sam R. Rowe said. The Chevrolet employees had a six o'clock breakfast at Cook's Grill Saturday morning and even before the meal was over a good sized crowd of people had assembled, eager to get a view of the new car.

Mr. Rowe said the Dorsey force was kept busy all day showing and demonstrating the new car, and it seemed the unanimous verdict of the vast crowd of guests who inspected it that the new Chevrolet is by far the best and most attractive car the Chevrolet company has ever made.

The first completely new car the Chevrolet company has built in more than seven years, is the most beautiful of all, and the company claims it is the most beautiful buy of all, from every point of view—for styling, for driving and riding ease, for performance and safety, and for sturdy endurance of quality construction throughout.

Mr. Rowe said he was highly gratified at the hearty reception being given the showing of the 1949 Chevrolet car by the people of Elba and surrounding territory Saturday. Many persons expressed a desire to own one of these fine cars.

## Second Crop Apples

Baxter Bryan brought in several second-crop apples Tuesday, taken from the John B. Johnson place in Elba. The apples were well-matured and were about the size of golf balls. Mr. Bryan said there was about a peck of apples on the tree which is in the Johnson yard.

Mr. Bryan said the pears he reported on his tree several months ago got to be pretty good size, but when the last cold spell came they fell off. Peach, pear and other fruit trees all over the country are reported to be in full bloom, which probably means that freezing weather in February or March will ruin the fruit crop.

## Old Church Records Found By Mrs. J. A. Carnley

While going through an old chest in her home recently, Mrs. J. A. Carnley ran across some old Elba Clippers which contained news items of long ago. Among them were accounts of the early church days in Elba. The Elba Clipper files were destroyed in the flood of 1929, so old copies prior to that time are rare.

According to a Clipper of 1911 the Elba Methodist church was being occupied for the first time on February 12 of that year. The pastor, Rev. J. P. Peagin, preached from the text: 22nd verse of the 74th Psalm.

Mrs. Carnley said the Baptist cockade, Mrs. Sallie Spillers, Methodist church building every other Sunday, as the Baptist church had not been constructed at that time. Both congregations had only half time preaching.

## Frank Young Moved To Veterans Hospital

Frank Young, son of Mr. and Mrs. Wayland Young, who was seriously injured in a motorcycle wreck two weeks ago while en route to Elba from the University, has been moved from a Lutheran hospital to the Veterans Hospital in Montgomery. He was unconscious for several days, but it is reported that he has regained consciousness and except for an attack of pleurisy, seems to be on the road to recovery. He received several broken ribs, a severe blow on the head and severe bruises and lacerations.

## March Of Dimes Drive Nears Completion; Contributions Good

Campaign In Elba To Start Friday; Schools Report

Dozier Roberts, chairman of the March of Dimes campaign, reports fine progress so far. The following schools have reported: New Brockton, \$12,800; Enterprise Elementary School, \$13,420; Eanon, \$11,600; New Hope, \$26,400. Chairman Roberts said 21 schools in the county are cooperating and good returns are expected from all of them.

The drive in Elba will start Friday morning with a volunteer committee soliciting funds for this important project of furnishing funds to fight the dread disease, infantile paralysis.

The two local plans, Dorsey Trailers and L. M. Manufacturing Company are cooperating 100 per cent in the campaign. Elba will be composed of: James W. Jake, Bonneau, Flourmoy, Whitman, Charles Lindsey and H. B. Larkins.

Chairman Roberts says that indications are that the \$500 raised last year will be more than doubled this year, but the need is twice as great, due to the epidemic of Polio in South Carolina and other parts of the country. South Carolina spent more than six million dollars for relief of the disease last year. A case of Polio reported in Dothan last week has stimulated interest in this area.

Chairman Roberts urges all those who may not be solicited because of lack of time, to please mail check to the Elba Exchange Bank or to Dozier Roberts, Elba.

## Ramie Discussion At Dothan Meet

A meeting will be held at the City Auditorium in Dothan January 31 at 1 P. M. for the purpose of discussing the growth of ramie in this section. Ramie is a fiber crop that produces three or four cash crops per year. There will be several speakers on the subject, including Dr. Wong of China, Mr. W. A. Anderson, a week has stimulated interest in this area.

Chairman Roberts urges all those who may not be solicited because of lack of time, to please mail check to the Elba Exchange Bank or to Dozier Roberts, Elba.

## Steelers Put On Good Basketball Show Here Wednesday

Elba basketball fans got an idea of what professional basketball is, at the school gymnasium Wednesday night. The Birmingham Steelers, members of the Southern Professional Basketball League, opposed the Western Auto Circle Arrows, recognized as one of the strongest independent teams in this section.

As was expected, the Arrows were no match for the seasoned, superbly conditioned professionals, who gave a spectacular demonstration of the possibilities of the cage game. However, the Arrows were at full strength and put up a game fight against the strong team.

The final score of 89 to 43 did not truly represent the difference between the two teams. The Arrows spent a good bit of their time in putting on a ball-handling show on the floor, making no effort to score points. They also loosened up their defensive game part of the time to allow the Arrows many scoring (Continued On Page 6)

## 3,000 People Attend Showing Of 1949 Chevrolet Here

The showing of the new Chevrolet, held at the Dorsey Bros. Chevrolet showroom Saturday, attracted approximately 3,000 persons during the day, according to an estimate of Sales Manager Sam R. Rowe said. The Chevrolet employees had a six o'clock breakfast at Cook's Grill Saturday morning and even before the meal was over a good sized crowd of people had assembled, eager to get a view of the new car.

Mr. Rowe said the Dorsey force was kept busy all day showing and demonstrating the new car, and it seemed the unanimous verdict of the vast crowd of guests who inspected it that the new Chevrolet is by far the best and most attractive car the Chevrolet company has ever made.

The first completely new car the Chevrolet company has built in more than seven years, is the most beautiful of all, and the company claims it is the most beautiful buy of all, from every point of view—for styling, for driving and riding ease, for performance and safety, and for sturdy endurance of quality construction throughout.

Mr. Rowe said he was highly gratified at the hearty reception given the showing of the 1949 Chevrolet car by the people of Elba and surrounding territory Saturday. Many persons expressed a desire to own one of these fine cars.

## Second Crop Apples

Baxter Bryan brought in several second-crop apples Tuesday, taken from the John B. Johnson place in Elba. The files were destroyed in the flood of 1929, so old copies prior to that time are rare.

According to a Clipper of 1911 the Elba Methodist church was being occupied for the first time on February 12 of that year. The pastor, Rev. J. P. Peagin, preached from the text: 22nd verse of the 74th Psalm.

Mrs. Curley said the Baptist church had not been constructed at that time. Both congregations had only half time preaching (Continued On Page 6)

## Old Church Records Found By Mrs. J. A. Carnley

While going through an old chest in her home recently, Mrs. J. A. Carnley ran across some old Elba Clippers which contained news items of long ago. Among them were accounts of the early church days in Elba. The Clippers files were destroyed in the flood of 1929, so old copies prior to that time are rare.

## Harvey Stanton Dies In Troy Hospital

Harvey James Stanton, age 40, died January 20 at a Troy hospital following an illness of three months. Cancer was given as the cause of his death. He was born in Coffee County and had resided in Elba. The Clipper died her all his life.

He was formerly employed by Dorsey Trailers and was a member of the Baptist church. He was a son of Mr. and Mrs. Bob Stanton.

Surviving are his wife: Mrs. Alice Merrett Stanton, a son, Nathan Stanton, a daughter, Clarie Stanton, two brothers, Albert and Alvin Stanton; four sisters, Mrs. Albert Smith, Mrs. Lillian Strickland, Mrs. Sallie Spillers, and Mrs. Edda Culver.

Funeral services were held Jan. 21, at Bethel church, conducted by Rev. Ralph Helms. Interment was in Bethel cemetery with the Hayes Funeral Home directing.

# Garrett Motor Company Announces Formal Opening Of Their Modern New Plant On January 29th, Public Invited

JOHN M. GARRETT  
OWNER

Born and reared in Elba, the son of Mrs. J. M. Garrett and the late Mr. Garrett. He graduated from Elba High school in 1927 and was employed by the Vick Chemical Co. from 1927 to 1942, when he entered the military service in the Army Air Corps. Served one year in Corsica and Italy. After his discharge from the Army he returned to Elba and organized the Garrett Motor Company, remodeling the old D. J. Brooks building across the street from the Elba Methodist Church. This building was occupied until recently, when the business was moved to the handsome, modernly equipped Ford plant located at the corner of Buford and Factory Streets. Formal opening of the new plant is to be held Saturday, Jan. 29.

BILL MARTIN  
PARTS MANAGER

Son of Mr. and Mrs. C. Y. Martin, was born and reared in Elba and graduated from Elba High school in 1927. Married Miss Addie Belle Wilson, daughter of Mr. and Mrs. Willis Wilson. He was a member of the National Guard when he was mustered into the Field Artillery, serving four years, 10 months and 28 days in Africa and Italy. Mustered out of the service in September, 1945, he has been with Garrett Motor Co. since its opening in October 1946.

GETHEREL PINCKARD  
SERVICE MANAGER

Son of Mrs. Glen Pinckard and the late Mr. Pinckard. Born and reared in Elba. Attended Elba Public Schools. Married Miss Doris Whitman, daughter of Mr. and Mrs. W. T. Whitman. Served as auto mechanic at Camp Rucker. Was practically born in a motor garage, starting to work in his father's shop more than 20 years ago. He served one year in the Marine Corps, taking a special course in auto and truck repair. The Army sent him to Camp Gordon, Augusta, Ga. where he took a course in GI equipment. He has been with Garrett Motor Company about two years.

## 12 Auto Specialists Offer Unexcelled Service To Public

The formal opening of Garrett Motor Company's handsome modernly equipped Ford sales and service plant, located at the corner of Factory and Buford Streets, to be held Saturday, Jan. 29, promises to be an outstanding occasion in the business and industrial history of Elba.

Soon after being discharged from military service in the fall of 1945, John M. Garrett organized the Garrett Motor Co. as a Ford Sales and Service agency. The old J. D. Brooks building across the street from the Methodist church, formerly occupied by the Elba Ice and Cold Storage plant, was remodeled and occupied. The Garrett Motor Company held forth at this stand until recently, when the business was moved to its new quarters.

However, although a good substantial business was being conducted at the old building, Mr. Garrett was having day-dreams (also night visions) of an up-to-the-minute ultra modern Ford plant of his own planning. He spent a lot of time and gasoline in visiting plants all over the country, selecting the most desirable features of each and incorporating them into a plant that would measure up to what he thinks a Ford plant should be. The old Garrett home and additional grounds were purchased and the home moved to the north side of the block, leaving a plot of ground 100 by 200 feet on which to build the new Garrett Motor Co. plant. The work of filling in and grading

WASHING & GREASING DEPT.

Son of E. L. Sorrells, of Brantley. Has had lifetime experience as auto mechanic and lubrication expert. He is a new man at Garrett's and is in charge of all washing and greasing.

E. J. WOODHAM  
MECHANIC

Son of Mr. and Mrs. C. M. Woodham, of Opp. Married Miss Lois Reeves, daughter of Mr. and Mrs. M. E. Reeves, of Frislingham. Served 25 months in the Marine Corps. Following his discharge he was employed by B. P. Goodrich Rubber Co., Atlanta. Has been with Garrett's since September, 1948.

E. S. FARMER  
MECHANIC

Son of Mr. and Mrs. Clifford Farmer, of Brantley. Married Miss Eula Pearl Sorrells and has worked five years as a mechanic in Brantley and Andalusia. He attended night school in Montgomery and has been with Garrett Motor Company about two years.

the lot was begun about six months ago, followed by construction of the building some time later. Scarcity of building materials hampered building operations to some extent, but it was finally completed and its formal opening is now at hand. The building is 100 x 125 feet, fronting on Buford street, built in T-shape, exceptionally well lighted and ventilated. The building is constructed of cinder blocks supplied by Brewton Engineering Co., of Dothan. It is constructed with the view of

having the greatest possible convenience for patrons and employees. Each stall is equipped with overhead roll-way garage doors. Showrooms, offices, etc. are beautifully constructed of cypress paneling furnished by Windham Lumber Co. and finished with Sherwin-Williams Satin Finish clear varnish. The entire plant is a model of beauty and utility. An adequate fluorescent lighting system throughout

turns night into day. A spacious service ramp 45 x 85 feet, is located on the north side of the machine and repair shop. An unusual feature is a plot of ground in front of the machine shop portion of the building which will be transformed into a lawn, where manager Garrett plans to plant a profusion of shrubbery, plants, and flowers. The Garrett home has

CICERO HENDERSON  
PORTER

Son of Monroe and Leila Henderson. He was born and reared in Elba and has been here all his life. He is Garrett Motor Co's youngest employee in point of service, commencing three weeks ago.

## Army Enlists 18 Men From Area

The following enlistments for the U. S. Army and U. S. Air Force were accomplished during the month of December, 1948, by the Andalusia Army and Air Force Recruiting Station.

### USE OF LIME

When it is decided that lime is needed, use two tons of finely ground lime per acre on heavy clay soils and not more than one ton per acre on sandy soils.

## CORN DEMONSTRATION TO CONTINUE IN 1949

Thickly spaced, highly fertilized corn demonstrations will continue in 1949, announces J. C. Lowery, API Extension service agronomist.

The demonstrations are part of a state wide plan to increase Alabama's corn yield to 30 bushels or more per acre.

The program was started in 1946. That year 192 demonstrations were held, compared with 6,000 or more conducted in 1948. At first the demonstrations were held on one-acre plots. Now, however, many farmers follow the plan for their entire crop.

## LONGER LIFE FOR RUGS IF GIVEN PROPER CARE

"The life of a rug depends upon its quality and the care given it," declares Alice Peavy, API extension service home management specialist.

She points out that proper care of a rug in the home should begin when they are delivered. Almost all rugs will shed a little. Sweep the floor sparingly and gently for the first two or three weeks.

Remember to turn the rug around and move the furniture occasionally to distribute the wear more evenly. Do not beat with stiff brushes or brooms. If possible use carpet sweepers or electric cleaners on pile surfaced rugs.

## RINGWORMS IN HOGS

When pigs show signs of slow growth and poor gains, they are probably infested with ringworms. To rid pigs of these worms, mix one pound of sodium fluoride with 100 pounds of dry ground feed. Give pigs all of the mixture they will eat in one day.

## DAMS OF STRONG-BONED BEEF CALVES FED LIME

An ample supply of calcium, called lime is necessary for good bone development.

"Steamed bone meal or a good mineral mixture should be kept before brood cows at all times," says W. H. Gregory, API Extension livestock specialist, Auburn.

## CERTIFIED COTTON SEED

There is a good supply of certified cotton seed available for planting next year's crop. Look for the certified tag.

## NEWCASTLE DISEASE THREAT TO POULTRY

An outbreak of Newcastle Disease in baby chicks has been reported in four counties in the Northeast section of Alabama.

Since mortality of the diseased flocks ran from 60 to 70 per cent, Dr. R. S. Sugg, state veterinarian, believes that all poultrymen will want to take every precaution to keep this disease from spreading.

To help in this work he has outlined a program for poultrymen to follow. The first step to take when Newcastle Disease is suspected is to immediately quarantine the place where the disease is found. Next, notify the State Veterinarian, Auburn, Ala.

Research reveals that a child who raids the sugar bowl or eats dry confections is in no more danger of tooth ache than the one who fills up on milk shakes.

In order that the chicks may be obtained for a laboratory diagnosis. If the disease is present, full instructions on handling infected flocks will be made available.

Symptoms usually noticed in baby chicks are colds followed in a few days by nervous symptoms including excitability, wry necks, paralysis and convulsions. Hens in the laying flock usually show a marked drop in production before other symptoms occur.

## Special Announcement

By M. F. CHRISTOPHER

SHE gazed at the high falls a short distance away, fascinated by the myriad, white streaks the hot sun painted through it in bold, up-and-down strokes. The soft thundering sound as the water spilled down, forming a base of leaping crystal whiteness, like frosting, mixed nicely with the orchestral music that played behind her.

"You look like little Alice might have when she walked into Wonderland," Glib Rawlings said at her elbow. "Amazed, and almost a little scared, too."

"Scared?" She turned to the tall, dark young man beside her, whose broad chest tapped her.

## COOKING FROZEN MEATS

Unless plenty of time and moderately low temperatures are allowed for frozen meat, the outside of the piece may be overdone while the inside is still frozen.

Lavada Curtis, API extension specialist, Auburn says this may not happen only to large pieces like roasts, but even to steaks which are broiled at high heat.

Remember that unthawed meat needs considerably longer time to cook and always a moderately low temperature so that the meat may thaw in the freezer and iron easier.

## How to Get a Salary Raise

ONCE in the days when Sam Bennett was serving as acting city editor on a New York newspaper, there was delivered into his hands a dispatch stating that Charles Schwab had just been elected president of Carnegie Steel Co. at a salary of a million dollars a year. Bennett rechecked the news to a single paragraph on page 10.

When the publisher came across the buried item, he was fit to be tied.

"Good Lord, Bennett!" he shouted. "Why didn't you give this news a big play on the front page? Don't you know that a young man making a million dollars a year is a great story?"

"Boss," replied Bennett, slightly wearily, "after a salary gets over 40 dollars a week, I just don't know what to say about it."

Bennett got a raise.

INEXPENSIVE ADVICE

Although she had examined every article the weary salesman had placed before her, nothing seemed to suit her requirements.

"No," she said. "I'm afraid none of these things will do. You see, tomorrow is my husband's birthday, and I want to give him a surprise."

"I see," said the assistant coldly. "Then why not hide behind an armchair, and suddenly cry 'Boo!' at him?"

Improved Cattle  
When a railroad first put on fast expresses, there was much trouble with ranch owners whose stock strayed onto the tracks and were killed. And, without fail, when a train came to a stop, the owner put a claim for damages on the basis of a valuable, pure-blooded

In desperation the president of the railroad called in a famous attorney for consultation. The lawyer examined all the records and reported as follows:

"I have come to the conclusion that nothing improves the strain of Oklahoma cattle so much as crossing them with a locomotive."

KILLED BY A WEASEL

"So you lost your poor husband, I'm so sorry. How did it happen?"

"He was killed by a weasel."

"Killed by a weasel? That's very unusual. How did it happen?"

"Driving home, coming to railroad crossing. Deedn't hear no weasel."

Follow the Leader  
The Bank of England has long required its employees to sign a register upon their arrival in the morning, and if they are late they must likewise record the reason thereof. London weather being what it is, the first tardy gentleman mechanically followed 20 others, each followed by the one word "ditto!"

EASILY DONE  
Son—Father, can my new boy friend replace your business partner that died this morning?

Father—It's all right with me. If you can arrange it with the undertaker.

Conversational Lapse  
A small boy was asked to dine at the home of a distinguished professor. Upon his return his mother questioned him at length, asking him if he had been perfectly polite.

"Well," said the small boy, "when I was trying to cut my meat, it slipped off onto the floor—but I made it all right."

"What did you do, dear?" the mother asked.

"Oh, I just said carelessly, 'that's always the way with tough meat!'"

Doctor's Logic  
Doctor (as he finishes painting patient's throat)—That'll be three dollars.

Patient—Three dollars? Why I had my whole kitchen painted for \$2.50.

Doctor—For a \$2.50 job I use a much larger brush.

### BASIN HD CLUB MEETS

The Basin Home Demonstration club held its regular meeting at the schoolhouse on January 19 with Mrs. Fonzel Weeks and Mrs. Hubbard Weeks as hostesses.

After the devotional and a short business session, the meet-

ing was turned over to the home agent, Miss Mathews gave a very interesting lecture on "Color in the Home".

The club had 23 members and one visitor present. The former Miss Fannie Kelley from Maine. She was assistant agent with Mathews several years ago and was a very welcome guest.

At the conclusion of the meeting the hostesses served delicious refreshments.

Mrs. Marvin Parker, Rep. LEE HD CLUB MEETS WITH MRS. MOORE

The Lee Home Demonstration club met on January 18 in the home of Mrs. Joe Moore. The meeting was directed by the president, Mrs. Oscar McCollough.

Minutes were read and the roll called by the secretary, Mrs. Oliver Jernigan.

Mrs. Odie Dyess conducted the singing. Yearbooks were distributed and the club voted to pay \$10.00 on a tape recorder for the council radio service.

Miss Inez Green, extension leader, gave an interesting lesson on Color in the Home. Refreshments were served by the hostesses.

Mr. and Mrs. Mike Bonner of Ashford, were guests of Mrs. Bonner's parents, Mr. and Mrs. P. B. Taylor, Saturday and Sunday.

P. T. A. TO MEET FEBRUARY 1  
The Elba PTA will meet in the school auditorium on Tuesday, February 1 at 3:00 P. M. Supt. J. C. Dixon will talk on "Federal Aid For Schools."

Among the Elba college group who came home to attend the funeral of Johnny Kimmey were Ray Foreman, Howard Travis, Whitman, Billy Rowe and Mary Oswell Dowling, Auburn; Millie Dismuke, Billy McCollough, Ralph Johnson, Marion Brunson, Fox Brunson, and Helen Alliday from Troy; and Ann Payne and Elizabeth Miles from Alabama College, Montevallo.

Joe Jernigan transacted business in Enterprise last Monday. Mr. Jernigan had recently returned from an Enterprise hospital and he says he has fallen behind with his business affairs.

Mr. and Mrs. John Revel Crook, of Memphis, Tenn. visited Dr. and Mrs. W. R. Crook during the week-end. John Revel is a student at Southern School of Optometry.

Everyone spent a pleasant day and expressed a desire to be with Mr. Johnson on many future such occasions.

Paul Kendrick, club president, was master of ceremonies and in his usual pleasant manner welcomed all the guests. Mrs. Jessie Lee very graciously responded to the president's welcome. Ella Wilkerson and Martha Wise rendered vocal numbers and Ann Fox played a piano solo. Martha's selection was, "Maybe You'll Be There" and Ella chose "Jeannie With the Light Brown Hair." Ann played "Grillen" by Shumann and Joel Murphree told of the club's activities.

Supt. J. C. Dixon expressed appreciation for what the Beta club has done for the school and admonished its members to stay true to its purposes and ideals. He introduced the guest speaker, Dr. F. M. Cook.

Members of the school faculty and of the City School Board and Supt. K. G. Crook were the guests of the club. Servitors were Barbara Jones, Frances Miles, Betty Lou Plant, Ann Watkins, Sara Margaret Parris, Helen Goodson, Doris Carpenter and Teresa Rhodes.

Lewis Knox Jeter, student at MMI, Marion, spent several days last week with his parents, Mr. and Mrs. Hendrix Jeter.

Miss Winnie Bowden, of Montgomery, was a week-end guest of her parents, Mr. and Mrs. Dan Bowden.

Mr. and Mrs. C. Y. Martin visited their daughter, Mrs. Levi Thrower, in Dothan Thursday.

Mr. and Mrs. Luther Vaughan visited in Dothan Monday.

Friends of Mrs. Joe Chambers (Claudine Fleming) will be interested to know that she is convalescing following an operation at a Troy hospital. She returned to her home in Brundidge the first of the week.

Mrs. A. C. Dunaway was a guest of relatives in Enterprise the first of the week.

Miss Joan Clark spent last week-end with friends at the University.
